

# SAVE SPACE – SAVE MONEY SAVE THE ENVIRONMENT

Hungry Giant EPS compactors range - 150/300

G Magazine's  
Top Ten Green Aussie Inventions of the year

## Global problem

EPS - Expanded Polystyrene [foam], the bulky white insulative & protective material used around the world. This stuff is an environmental nightmare as it idles in landfill for 500 years

## Even bigger problem - It fills your bins 100 times more than it needs to.

EPS weighs very little as 98% of it is made of air and yet it takes up a lot of volume.

**Simply put:** You are being charged to dump air. Install an Hungry Giant machine now and turn your waste into a recyclable commodity. Hungry Giant will even collect your compacted EPS and make sure you benefit from rebates when applicable.

## Solution

- Compacting your EPS waste 50:1 means you save 50 times your waste expenditure in EPS, increasing your profitability
- Reduce your carbon footprint and increase the lifespan of landfill sites
- Less waste in your dock, a cleaner working environment, no more OH&S potential hazards
- Easy to install and operate: "plug and compact"

## About Hungry Giant

- Australian recycling and waste management company
- Focuses on diverting waste from landfill and saving you money
- Provides compacting equipment (Polystyrene, Cardboard...)
- Provides a collection service for all waste Australia-wide

# HIRE OR BUY

Two Great options - start getting benefits today with no money down

printed on recycled material

## WASTE DISPOSAL PER WEEK before Hungry Giant:

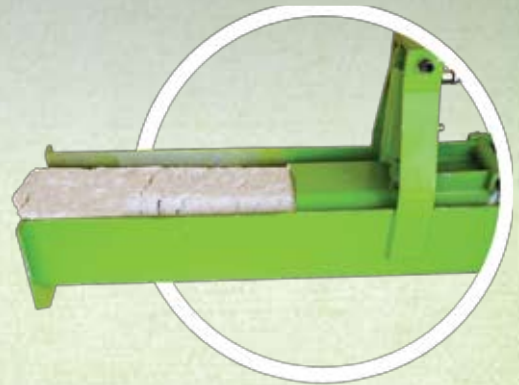

6 x 3.0 cubic metre bins

## WASTE DISPOSAL PER WEEK after Hungry Giant IS INSTALLED:

2 x 3.0 cubic metre bins

## ELECTRONIC AND MECHANICAL SPECIFICATIONS

### EPS 150 Model

#### Block Size

Height	16 cm
Width	16 cm
Weight	220kg/m <sup>3</sup>

#### Loading Size

Height	60 cm
Width	80 cm
Depth	55 cm

#### Compactor Specifications

Height	160 cm
Width	180cm
Depth	60cm
Weight	450kg
Power Supply	380 V - 3 Phases
Motor	15 amp 5.5 kw
Capacity	65kg/hour
Ratio	50:1
Noise Level	75 db
Warranty	12 months

### EPS 300 Model

#### Block Size

Height	38 cm
Width	38 cm

#### Loading Size

Height	185 cm
Width	100 cm
Depth	64.5 cm

#### Compactor Specifications

Height	221 cm
Width	546.5 cm
Depth	75 cm
Weight	2000 KG
Power Supply	380 V - 3 Phases
Motor	16.65 KW
Capacity	200kg/hour
Ratio	50:1
Noise Level	110 db
Warranty	12 months
